## EXPERIENCE

### Olly Olly — Junior Web Support

Remote | 2024 – 2025

- Provided technical support and troubleshooting for client websites.
- Worked with the team to audit and migrate thousands of websites, including moving WordPress sites to new hosting and shifting project workflows to Jira.
- Gained hands-on experience with WordPress, Slack, Google Workspace, Jira, and HubSpot, while collaborating in an Agile/Scrum environment to manage tasks and meet deadlines.

### Philippine Strategies — Freelance Web Developer

2025 - Present

- Built a consulting and article platform from scratch using React, Next.js, and Tailwind CSS.
- Developed a dynamic article system: markdown (.md) files are rendered into individual pages with category filters, without manually creating new routes.
- Optimized for SEO by adding alt text, keyword tags, and detailed article descriptions; integrated with Google Analytics and Google Search Console to track site performance.
- Implemented a newsletter system with Buttondown and a contact form using EmailJS that sends messages directly to client inboxes.
- Deployed and managed hosting with Netlify, ensuring responsive design and fast performance.

## EDUCATION

### University of North Florida — Coding Bootcamp (Fullstack Academy)

October 2021 - April 2022 | United States

- Certificate program in Fullstack Web Development.
- Covered JavaScript, React, Express, Node.js, PostgreSQL, HTML, Git, and applied skills through hands-on projects.
- Built a capstone e-commerce application with full CRUD functionality, shopping cart system, and responsive UI, showcasing end-to-end development skills.
- Included career coaching and portfolio development support.
